Dear Madam,

Please accept our sincere thanks for your kind support in planning and executing World Heritage Day Celebration in a befitting way in your esteem institution.

You must have been informed by students and Coordinating teachers about the excitement and enthusiasm among students in this program. Many of them wished to visit these places with their family and friends in future.

We may plan more such Walks in future to encourage the students "to know their city". In a collective move we, together with you, can also plan to visit

✓ Amadubi-Village of Scroll Painting

Hoteliers and Car Rentals will soon be provided with leaflet by INTACH to promote tourists to visit such places with our guides (picked up by us from local colleges). Who will be trained by us. Students from History & Geography may be promoted for these activity.

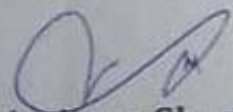

You can make these tours as part of their curriculum for the students of History and Geography.

This can be a good effort to make this program a sustainable one.

We look forward to your kind suggestion. Please feel free to suggest us your opinion.

Kind regards

Yours truly

Amitava Ghosh
Co-convener, INTACH
